

## JAPS CURTAIL THEIR PATROLS IN SHANGHAI

Tension Increases  
Hourly Since  
Shootings

Shanghai, Sept. 26.—(AP)—Japanese naval authorities today withdrew most of their marines from the Chinese section of Shanghai, and curtailed sharply their military patrols in other areas of the city.

With these moves, tension in Shanghai which had increased hourly since the shootings of three Japanese marines Wednesday night, eased off abruptly.

The Japanese naval commanders were unwilling to say today that their apprehension for the lives and properties of their Nationals in Shanghai had lessened, but they kept armed patrols mainly in the Japanese section of the international settlement.

The international settlement police, cuffed when the Japanese declared martial law over most of the district, tonight were permitted to return to their duties, although the Japanese blue-jackets were still much in evidence.

After Chinese authorities had repeated their protests against Japanese patrols in the Chinese section, the marines were withdrawn for the most part, except for a handful of blue-jackets stationed at the most strategic points within the district.

In a proclamation, the Chinese authorities in Greater Shanghai announced that their bureau of public safety had undertaken to provide the "utmost possible safety" for all foreigners.

Advices from Peiping said authorities there had acted similarly, following a statement that rumor-mongers who "disturbed the public peace" were liable to death penalties.

The Shanghai international settlement Russian police force and reserves which had been ordered out for emergency duty following the shootings were allowed to disperse today.

What caused the sudden curtailment of Japanese military measures in Shanghai was not officially made known, but the city heard reports that China's military dictator, Generalissimo Chiang Kai-shek, was flying back to Nanking personally to direct settlement of the Shanghai and other incidents.

Efforts to fix blame for the actual shootings which caused the Japanese marines to occupy Shanghai today appeared to have made little progress. One of the marines was wounded fatally and the other two were recovering in hospitals.

Three Chinese suspects today were given a preliminary hearing in a Chinese court, but detailed charges were not made public.

### WORKMEN INJURED

Los Angeles, Calif., Sept. 25.—(AP)—Eleven workmen were injured and 400 students were endangered by a terrific gas explosion at the Los Gatos Union high school today.

Children ran screaming from the school. They were injured by Principal Prentiss Brown, who then dismissed classes.

The roaring blast shook the school auditorium and caused considerable damage to a new wing under construction. It was believed someone turned on an electric light in the basement where workers had discovered gas fumes.

### SEES FOOTBALL GAME

Oshkosh, Wis., Sept. 25.—(AP)—Gov. Alf M. Landon arrived here tonight at 8:20 p. m. (central standard time) completing his first day of campaigning for Wisconsin's presidential electoral votes.

## Pleads Guilty To Violation Of Firearms Act

Mrs. Marie Steyer Sentenced  
To Five Month Term  
In Jail

Danville, Ill., Sept. 25.—(P)—Going before Federal Judge Walter Lindley 24 hours before she was to face trial, Mrs. Marie Steyer of Portland, Ore., pleaded guilty to a violation of the national firearms act today and was sentenced to five months in the Vermilion county jail. Judge Lindley allowed the four months she served in jail awaiting trial to count on the sentence.

Mrs. Steyer, also known as Marie Lance, was the wife of Blackie Steyer, who was shot and killed by police at Carbondale recently while a search was being made for him in connection with the slaying of a railroad detective. She was arrested when police investigating arson cases found a sawed-off shot gun in her automobile.

In the first jury trial case before the September term of the court, Henry Batey of Annapolis, Ill., faced his uncle, Fred Smith, also of Annapolis, as a government witness in his trial on charges of violating national banking laws.

Smith pleaded guilty previously and asked for probation. The government charged Smith, a former postmaster and cashier of the First National bank of his town, debited and credited various accounts under his name to cover overdrafts by Batey.

## France Moving Swiftly Toward "Devaluation"

Has Agreement With Britain,  
U. S. on Equilibrium of  
Franc, Dollar, Pound

Paris, Sept. 26.—(Saturday)—France moved swiftly toward devaluation early today, armed with an agreement with the United States and Great Britain for equilibrium of the franc, dollar and pound.

Officials of the finance ministry said the franc would have a new value approximately two-thirds of its present value, fluctuating between 49 and 43 milligrams gold content with no definite point fixed between these two figures.

A stabilization fund of ten billion francs will be established under the tripartite agreement to keep speculation from driving down the franc and to maintain the franc's gold position, within the stated limits.

Leon Blum, socialist premier, summoned parliament into extraordinary session for 9 a. m. Monday while a decree, published in the official journal, gave debtors owing sums which are to be paid in gold or foreign currencies the right to hold up payments.

Finance Minister Vincent Auriol, announcing parliament would be asked for "readjustment of the currency," decreed trade and securities markets closed indefinitely.

The text of an official communiqué said the new gold value of the franc "ought to be between 49 and 43 milligrams gold of 900 fineness." The franc's gold content now is 65 milligrams.

In Washington the treasury announced the United States and Great Britain, with France, would "use appropriate available resources" to avoid any disturbance in international exchange resulting from realignment of the franc.

The British treasury said Britain and the United States welcomed the French decision to "readjust" its currency.

## Claims Children Keep Late Hours

New York, Sept. 25.—(AP)—Mrs. George Emile Roosevelt complained, and the manager of a New York night club agreed, that her children were keeping too late hours.

So Medora Roosevelt, 20, and George Roosevelt, 18, hereafter will be refused entrance to the Stork club. Their mother is by marriage a distant relative of President Roosevelt.

Mrs. Roosevelt asked the manager of the club to deny admission to her children. They objected that they enjoyed the club so much they stayed out too late at night.

## NATIONS PLAN STABILIZATION OF CURRENCIES

United States, France,  
Britain Reach An  
Understanding

Washington, Sept. 25.—(AP)—An agreement between the United States, France and Great Britain to cooperate in devaluation of the French franc, which treasury officials hailed as a "major move" toward stabilization of currencies, was announced tonight by the treasury.

Secretary Morgenthau, describing the agreement as the accomplishment of a three-year objective, referred to stabilization as an accomplished fact, but did not answer a question from a newspaperman as to whether it actually constituted "effective stabilization."

Other treasury officials, calling the move a major one toward stabilization, said the agreement entails re-adjustment of the French currency by that nation's parliament and until that has been done the agreement is not operative.

They also pointed to a line in the official treasury announcement, saying that all three nations reserved their rights to "take into full account" the requirements of "internal prosperity."

Morgenthau said the United States and Great Britain knew the extent of the proposed French devaluation and it was acceptable to both.

In response to a barrage of questions at a press conference, Morgenthau said he did not "look forward to any real change in the sterling-dollar relationship" and that "there has been no talk of further devaluation of the dollar."

The statement said that France would propose to its parliament "the readjustment of its currency."

It was silent as to how or to what extent this would be carried out and did not say whether it involved any change in British or American money.

This government, the statement said, pledged, along with the French and British governments, to continue to use available resources so as to avoid as far as possible any disturbance of the basis of international exchange resulting from the proposed readjustment.

What appeared to be an open bid for cooperation of other nations in carrying out a stabilization program was contained in the statement.

"The government of the United States," it said, "in common with the governments of France and Great Britain, desires and invites cooperation of other nations to realize the policy laid down in the present declaration."

Secretary Morgenthau in a press conference, hailed the agreement as an important implement in the promotion of world peace.

## Student Reception Planned At Church

Plan Program for College  
Group at Westminster  
October 1

The Westminster Presbyterian church, corner of West College avenue and Westminster street, is planning for a reception of college students Thursday night, October 1, at eight o'clock in the church parlors which are located in the second story of the edifice.

The church regularly maintains a Sunday school class for college-age students under the direction of Prof. Ralph Linville of the chemistry department of Illinois College; and a college-age Christian Endeavor society serving free lunches Sunday evenings at six o'clock, followed by devotional services and open forum.

Officers of the society are Rosemary Coultas, president; John Moore, vice-president; Ella McKinney, secretary and treasurer.

## Roaring Mobs Slaughter 60 Fascist Hostages In Bilbao; Rebels Bomb City From Air

Chosen to Lead  
40 and 8

In a rousing demonstration that wrote him into the 17th annual national "promenade" at Cleveland, members of the 40 and 8, American Legion fun-makers, elected Harry E. Ransom, above, of West Allis, Wis., as their new national chief.

## Pinkerton Labor Spying Disclosed At Senate Hearing

200 Men are Collecting In-  
formation on Union  
Radical Activities

Washington, Sept. 25.—(AP)—Testimony that the Pinkerton National Detective Agency has 200 undercover men engaged in collecting information on Union and Radical activities gave the senate civil liberties committee today its first broad picture of the extent of the practice.

This figure came from officials of the firm. They said their activity had been halted in Wisconsin by a recent law requiring registration of private detectives. Committee attorneys are searching for national legislation to protect workers, carefully noted this evidence.

Pinkerton officials also testified the agency collected about \$1,000,000 last year from large corporations in all parts of the country for what Chairman La Follette (Prog-Wis) termed "Labor Spying."

In the closing session of their week-long hearing on strike breaking, anti-union espionage, and civil liberties violations, senate investigators learned that an army officer and a Toledo, O., union official were among the persons who had furnished information to the Pinkerton agency.

General Manager Asher A. Rossiter testified the firm had not engaged in strike breaking since the 1892 home-steel strike and that much of its business was not connected with labor matters.

Rossiter testified that two days after the committee subpoena had been served on the Pinkerton agency he issued an order instructing the firm's operatives to make no further written reports to make reports to clients orally.

This came after Rossiter had acknowledged under questioning it had been the practice of the agency for "at least a year" to destroy originals of operative reports on industrial cases, after typed copies had been sent to clients.

The witness denied it was "usual or common practice" for operatives on industrial cases to be ordered to join labor unions.

## Forced to Give Children Away

Chicago, Sept. 25.—(AP)—The wife of an 18 a week bookkeeper said today she and her husband had given away their two small sons because they had sworn that the children should never suffer as the father had suffered in his boyhood.

"My husband was born in poverty and reared in suffering," said Mrs. Stanley Barrett. "Every night of his childhood he went to bed hungry. He had no chance to win an education."

She said her husband's efforts to earn more money and her own to obtain work had failed, and that when the older of the boys became ill they decided to place them in an adoption home.

## Claims Illinois Power, Light Men Will Not Strike

Union Refuses to Accept  
Dean Albert Harno As  
Arbitrator

Springfield, Ill., Sept. 25.—(AP)—While state officials and the International Brotherhood of Electrical Workers sought to agree on an arbitrator, a spokesman for the utility operators association today described as "remote" the possibility of another strike by employees of the Illinois Power and Light corporation.

E. E. Scott of the union, refusing to accept Dean Albert H. Harno of the University of Illinois as arbitrator, said his men were "not very far from a strike right now."

Fifteen months ago an electrical workers' strike in Illinois Power and Light plants left several of the 70 cities and municipalities served by the utility without electric service.

At Champaign, D. D. Hodges, vice president of the operators association, said: "Upon the appointment of the arbitrator by the governor, newspaper publicity made it appear the governor's action had prevented a strike, but we feel the underlying idea is misleading."

"The probability of a strike by the brotherhood members was exceedingly remote and if it had occurred would have been a violation of the contract which provides that in event of a disagreement the decision of an arbitrator appointed by the governor is a binding settlement upon both parties."

## Electoral Board Disqualified In Communist Case

Supreme Court Justices Will  
Decide If Names Go  
On Ballot

Springfield, Ill., Sept. 25.—(AP)—The controversy over whether names of communist candidates should appear on the Illinois ballots today was referred to a group of supreme court justices.

After attorneys for the communist candidates challenged the authority of the State Electoral Board and asked for a Federal Court injunction, action was dropped with announcement that the justices would be asked to rule on the validity of nomination petition signatures. The board members disqualified themselves.

The American Legion, which got the communist ticket thrown off the ballots in 1934, had contended that the petitions contained enough improper and illegal signatures to bring the total below the minimum requirements of the Illinois law.

The plan was to have Justice Norman L. Jones, Clyde E. Stone and Warren H. Orr decide the dispute. Meanwhile the board took under advisement a protest against the petitions of the union progressive party backing Congressman Lemke for President and William H. Thompson for governor. Newton Jenkins, senatorial candidate, appeared to declare the petitions legal, but the Springfield man who filed the objection did not show up.

Indications were that the union progressive ticket would be left on the ballot. The fifteenth district electoral board, composed of five county judges, ruled in favor of Walter A. Thomas of Quincy, the third party's congressional candidate in that district.

The electoral board is composed of Secretary of State Edward J. Hughes, Attorney General Otto Kernett and Auditor Edward J. Barrett.

## Mrs. Lou Neil Is Called By Death

Passes Away in New York;  
Funeral Services to Be  
Held Here

Mrs. L. F. Randall of this city has received word of the death of Mrs. Lou Neil, who passed away in Ogdensburg, New York. Mrs. Neil was a former resident of Jacksonville and has visited here many times.

She was the widow of John Neil and is survived by one daughter, Mrs. Henry Tallman of Ogdensburg and a son, J. T. Neil of New York City. One son, William Neil, preceded her in death.

Funeral services will be held at the Reynolds Funeral Chapel Sunday afternoon, at 2:30 o'clock.

## DR. TOWNSEND CANCELS HIS BROADCASTS

Says He Could Not  
Express Political  
Views

Chicago, Sept. 25.—(AP)—Dr. Francis E. Townsend's claim that he had been prevented from expressing his political views over the radio brought a prompt denial today from the management of station WENR.

The old age pension plan leader announced he had cancelled four broadcasts because station officials had ordered him to omit political comment, "particularly all references to the president," and that after he had made the deletions in the manuscript of a talk scheduled for tonight, it was rejected "because they said it was based largely on the solicitation of funds."

Niles Trammell, vice president of WENR, denied Dr. Townsend has been requested to delete political passages. He added:

"That's not true. We have a definite policy that prohibits us from allowing the solicitation of funds except in emergencies. Dr. Townsend begged people for money in both the opening and closing of his manuscript. We asked him to eliminate it and he refused. The radio time was then cancelled."

Dr. Townsend said he believed "the opposition is coming from Democratic headquarters."

"In order to get my message before the American people," he said, "I'll go to Mexico, if necessary, where two radio stations XEPN and XELO (at Piedras Negras) can cover the entire United States for a broadcast."

"It is humiliating to a liberty-loving American to contemplate being forced to go to another country to indulge in the free speech for which our forefathers fought and died."

"I cannot blame the radio station so much as I can the intangible fear caused all radio stations by the federal radio commission. Father Coughlin is having trouble getting radio time, too, but he is also against Roosevelt. It is my understanding, however, that Browder, the Communist candidate for president, was allowed to talk communism on an NBC broadcast, but then Browder favors Roosevelt, according to the newspapers."

Dr. Townsend, who cancelled talks from WENR tonight, Sept. 27 and 29 and Oct. 1, told reporters later he might speak from a number of smaller stations.

"It seems significant," he said, "that Soldier Field was refused me because of an ordinance passed by the present Democratic (Chicago) administration."

The Chicago Park board recently declined to authorize a Townsend mass meeting in Soldier Field because the ordinance forbids discussion of "political or economic questions of controversial nature" in public meetings on park property.

## Carrollton Group Goes to White Hall With GOP Caravan

Join "Band Wagon" After  
Successful Rally Wednesday;  
News Notes

Carrollton, Sept. 25.—A group of between 35 and 40 residents of this city, among them some of the most prominent business people and many who have always voted the Democrat ticket, joined a Republican caravan that stopped here at noon Wednesday and accompanied the visitors to White Hall, where a mass meeting was held at the Bijou theatre at 2:30 p. m.

The meeting was very well attended, and from the number of sunflowers and GOP elephants that were being worn in White Hall, it is beginning to appear as if Greene county, which has ever been known as one of the solidest Democratic counties of the state, is fact slipping and that the Republican party is benefiting most by the change.

The party from here who attended the meeting Wednesday was headed by Chairman Sidney H. Simpson, State Attorney Beal B. Smith, Attorneys Clement L. Smith and William Vogt, who is Republican nominee for state's attorney, Lloyd Wagener, Republican candidate for coroner, Lee Macfarlane, accompanied Simpson.

Among these in the caravan of prominence from other places who took dinner here were Otis F. Glenn, nominee for United States senate, Arthur J. Bidwell, nominee for state auditor, Representative E. J. Schnackenberg, Jesse R. Brown, Harry Macfarlane, and Frank M. Ramey, candidates for congress. All of the last mentioned gave brief addresses at White Hall. Otis Glenn made the talk of the occasion, and he bitterly assailed the new deal and especially the unemployment situation, which he stated that President Roosevelt promised to end before the first snow fell in November 1933.

There will be a Democratic mass meeting at the Greene county courthouse, Saturday, Sept. 26, at 2 p. m. The following speakers will talk: Hon. J. Ham Lewis, U. S. senator; Hon. Otto Kernett, attorney general; Hon. Edward J. Barrett, state auditor; Hon. Lewis M. Long, candidate for congressman-at-large.

Clay Roach was in the city yesterday from Franklin.

Mental Jiu Jitsu

Making mountains out of mole hills has long been a favorite sound-thinking persons. Many years before the advent of applied psychology and its branches were recognized as an aid to education and in everyday life, the effects of worry were known. Smart people guarded against it. The individuals who permitted worry to get the best of themselves became nervous cases, subject to "fitters," "blues," and other forms of melancholy. They were handicapped by inability to control their emotions, just as they are today.

But modern science is coming to the aid of many persons who have a habit of getting the wrong slant on their lives, their work, and everything in general. It is called mental hygiene. Its functions were explained this week to an audience of several hundred Morgan county school teachers by Mrs. Ruth O. McCann, director of Society of Mental Hygiene of Chicago. Some of the teachers, perhaps a great many, will carry out suggestions of Mrs. McCann in guiding the emotional development of their pupils.

"Worry is a circle of inefficient thought, whirling about a pivot of fear," the Chicago woman told the teachers. That seems to be an excellent definition. It remains for the person who is subject to worry to get his thoughts straightened out in a line, so that his deliberation will end in a conclusion, rather than in a maze of indecision. There is no better place to teach proper thinking, the right approach to a problem, than in the schools.

Mrs. McCann emphasized a truth when she stated that "it's not so much what you know, it's how you feel," in describing the proper attitude of teachers toward their work. A highly trained teacher without the right perspective might be a failure in the school room. On the other hand, a teacher who loves children, likes to teach and gains satisfaction from seeing her classes develop, may overcome the lack of extensive preparation by these natural qualities. The teachers' institute speaker expressed belief that individuals may cultivate their minds to the point where actual changes in attitude takes place; that they may improve their attitudes and those of their pupils by application of mental hygiene.

Mental hygiene is but a follow-up of old beliefs about worry, fear, anger and the other emotions. In the past we had ideas about the subject, but did not develop them. We knew that we should not make mountains of mole hills; use a sledge hammer to drive tacks; that all work and no play makes Jack a dull boy—all of those truths were recognized. It was full realization of possibilities in the field of mental rehabilitation that led to research, with mental hygiene as the outgrowth of scientific study.

Steamboat Bill

Big Bill Thompson's "Victory Cruise" down the Illinois river on the Golden Eagle has developed into a tame affair. Instead of large crowds at each port, the cruise is attracting more attention from the mudhens, muskrats and other denizens of the stream, than from the voters living in towns along the river. A good set of fishing tackle would have been as practical on the trip as a loud-speaking system. The people simply are not falling for the steamboat stuff.

Less than fifty people bothered to go to the boat landing Tuesday when the "Victory Cruise" reached Beardstown, according to the Illinoisian-Star. "It is safe enough to say that at least half of these fifty were on hand merely as curious and not because they are thinking seriously of casting a vote for any of the candidates of the third party," the newspaper said.

While the speakers were making their charges and assertions from the deck of the Golden Eagle, two or three men were heard to applaud mention of the name of Father Coughlin. As for Thompson, himself, he cut no more figure than any other visitor in the river city.

Showmanship is alright in its place, but Bill Thompson, who would serve the people as governor, has picked the wrong time and the wrong place. However, no one envies him a pleasant vacation.

Tough Lu, Mark!

The theory of male dominance has been subject to a severe drubbing since the turn of the century. Behind executives' desks or airplane controls, on golf courses, in law offices—wherever there's a Will, there's a May. Women smoke, cut their hair short—

not so long ago, in fact, a movie actress started a women's trouser vogue that is still in effect.

Now another blow to masculine superiority comes from Hollywood. For months casting directors have frantically sought someone to play the role of Huck Finn, ragged, freckled, barefoot hero of Mark Twain's famous story, laid in his boyhood home of Hannibal, Missouri.

If ever a youngster was one hundred percent boy, Huck Finn was. And 300 lads flocked to the studio to try for the coveted role. If a rustle was heard when the decision was announced, it was probably Mr. Clemens turning in his grave, for the urchin chosen for the part was:

A 13 year old girl!

Both Sides of the Campaign

People's Money Squandered to Spread New Deal Propaganda, Charge of Representative Bolton

By Representative Chester C. Bolton  
Chairman Republican Congressional Campaign Committee

A hodge-podge, catch-as-catch-can government has made it necessary for the New Deal to create the most stupendous propaganda machine in the history of man.

Employing nearly 7,000 writers, research workers and experienced newspapermen at an expense to the taxpayers running into millions of dollars a year, this huge machine is used by the New Dealers to cover up their mistakes, to manufacture alibis for their president, and to deluge their party in the eyes of the American electorate.

Gov. Alf M. Landon, the Republican standard-bearer, gave the reason for the machine's being when he declared, in his acceptance speech:

"Now it becomes our duty to examine the record as it stands. The record shows that these (New Deal) measures did not fit altogether into any definite program of recovery."

"Many of them worked at cross-purposes and defeated themselves. Some developed into definite hindrance to recovery. They had the effect, generally, of extending control by Washington into the remotest corners of the country."

"The frequent and sudden changes in the administration's policy caused a continual uneasiness. As a result, recovery has been set back again and again."

With the national debt at the highest peak in the country's history, with billions of dollars being spent in an attempt to provide relief, what justifying the New Deal's offer for relief dipping into the federal treasury and the relief funds themselves for the sole purpose of operating a machine to perpetuate that New Deal in office?

When voters realize the extent to which the New Deal has gone to propagandize the nation, they will all the more understand why James A. Farley reported to President Roosevelt that only two million dollars in voluntary contributions to the New Deal party's war chest would be required.

The taxpayers themselves are supplying the rest by supporting the propaganda machine, and they have no choice in the matter.

The government simply collects the taxes from them. Whether they agree with the New Deal or not, they must submit to having the money spent on an organization which will tell them only favorable things about their government.

Using Many Agencies  
The New Deal government propagandists utilize every avenue of publicity extant in putting across their story. They use the radio, moving pictures, billboards, posters, photographs, dramas, exhibits, newspapers, and public speakers. The voting public is bombarded from every angle with the stuff.

The announcements issued when the Public Works Administration, after three years of effort, completed "Techwood," its first government-owned, low cost, slum clearance housing project in Atlanta, shows how the propaganda machine works.

"Techwood" means that former slum-dwelling families can move into fine, modern, well-equipped homes. The news release shows that the average rental per room in these homes will be \$7.39 a month. The PWA's own records show that slum-dwellers who lived in the very site where Techwood is built could afford to pay no more than \$3.08 per room per month for the hovels they occupied.

The conclusion is inevitably reached that not only will not slum dwellers ever occupy Techwood, but that the government propagandists held out false hope to them from the start.

Army of Press Agents  
There are at least 1,000 regular federal employees devoting their time to press-agencying the New Deal to the voters.

A majority of these master propagandists are in Washington, where such organizations as the Resettlement Administration, with 105 publicists, and the Social Security Board, with 75, grind out press releases, pamphlets, and sometimes even moving pictures.

They are selling the New Deal to the voters at the voters' expense. Of all the New Deal propaganda agencies, that of the Works Progress Administration, under Harry L. Hopkins, is the most comprehensive and efficient. Its personnel numbers at least 6,000.

It spreads over the nation from ad-

Children Under 14 Most Frequent Victims of Accidental Burns

By DR. MORRIS FISHBEIN  
Editor, Journal of the American Medical Association, and of Hygieia, the Health Magazine

In the United States, deaths from burns are exceeded only by those from motor vehicle accidents and falls; and in some years, by deaths from drowning. The largest number of deaths from burns occur in children up to 14 years of age.

Babies are burned accidentally by fire; scalded by falling in a tub of hot water or by upsetting vessels of food or water boiling on the stove. If electrical devices not properly installed or controlled, gasoline, coal oil, or caustic substances such as lye, are placed where the child may easily reach them, there is a chance he may be burned.

Probably no other injury affecting the human being is as painful, as mutilating, and as difficult to handle as a severe burn of the skin.

In Germany, it was found that burns of the skin from acid constituted 12 per cent of accidents in the chemical industry, and acid burns in industry constitute one of the chief sources of damage to the body.

Burns are usually divided into three degrees: (1) Simple reddening of the skin; (2) destruction of the tissue of the body under the surface of the skin. Burns which involve more than one-half of the surface of the body usually are fatal.

When a person is burned by electricity, or when electricity passes through the body, there is also, of course, the effect of the electrical shock.

Venus Nearest Planet  
Following up this illustration, the speaker declared that if he sent a radio communication to Venus, the nearest planet, 4 years, 4 months and 1 day would pass before its arrival at the destination.

"When you see the sun you see it where it was eight minutes before; you never actually see the sun," the speaker said. "Should the closest planet blow up and entirely disappear, we on the earth would not know it for several years to come."

Speaker Escorts County Teachers on Imaginary Trip to Moon and Stars

Dr. A. M. Harding, professor of mathematics and astronomy at the University of Arkansas, escorted several hundred Morgan county school teachers on an imaginary trip yesterday morning to the sun, moon and planets. A short time later, back to earth, the teachers who are attending the annual fall institute witnessed a unique program entitled "New Horizons and New Rhythms," presented by Julia Proctor White and Louise Bliss. Music by the Kentucky Jubilee Singers headed by Mrs. Louise Malone Baxter was another fine feature of the morning program.

Using stereopticon slides of photographs of planets taken through high-powered telescopes, Dr. Harding impressed on the teachers the magnitude of the solar system, and the comparative smallness of the earth. The units of measurement in use on the earth are not sufficient to bring full comprehension of space in the heavens, he said. He described the earth as "a little ball 8,000 miles in diameter, small and insignificant in the solar machinery."

Illustrates Distance  
"If an express train traveling day and night at a mile a minute had left the sun July 4, 1776, for the earth, it would not be here yet," Dr. Harding told the teachers. The 93 million miles between the sun and earth is such a vast distance that miles are inadequate to describe it, he said.

"If Lindbergh were to take off on a flight to the sun, traveling at the rate of 200 miles per hour, he would be 53 years going and the same length of time coming back. But who wants to spend 106 years on one trip?" the speaker jokingly asked the teachers.

Dr. Harding said that if he were to fire a revolver in a straight line ahead of himself and the bullet traveled at the same speed as radio waves, he would shoot himself in the back seven times before he fell to the floor. He used this example to illustrate the smallness of the earth compared to solar dimensions.

When you see the sun you see it where it was eight minutes before; you never actually see the sun," the speaker said. "Should the closest planet blow up and entirely disappear, we on the earth would not know it for several years to come."

Dr. Harding's lecture was the first of the second day of the institute, which opened with a short concert by a women's quartet which represents a training school for negro girls at

## Roodhouse Legion To Dedicate Bonus Flag This Sunday

Flag Which Flew Over Capitol Will Be Given to Post

Roodhouse—The flag which flew over the nation's capital during the debate and passage of the World War veteran's bonus bill, will be dedicated here Sunday afternoon in appropriate ceremonies to be held on the Roodhouse public square. The flag has been in possession of the local post of the American Legion since shortly after the passage of the famous bill, and will be officially accepted during the afternoon's program.

The exercises will begin at 1:30 o'clock, with C. E. Baxter as chairman. He will introduce the thirty-four post commanders of the district and other dignitaries in attendance. Concluding the list he will introduce "Bill" Hanley of Jerseyville, 20th district commander, who in turn will introduce the speaker of the afternoon, Scott W. Lucas of Havana, past judge advocate of the Legion, who will deliver the patriotic dedication address. Among the prominent visitors who will be present on this occasion, is Hugh W. Cross of Jerseyville.

A feature of the afternoon's program will be concerts played by the Jacksonville State Hospital Band, Class B, champions of American Legion bands in Illinois, which will play a half hour concert before the speaking, and a half hour concert at the close.

D. O. Shade, past commander, will accept the bonus flag in the name of Roodhouse Post.

All Legionnaires and other ex-servicemen, veterans of all wars, and the general public, are cordially invited and urged to participate by their presence in these impressive, patriotic ceremonies. A large audience of veterans from over the entire 20th district is confidently expected.

All local veterans are requested to be on hand promptly at one o'clock and by their cooperation help.

## Two Carrollton Men Injured When Auto Plunges Off Road

Sam Herman, James Barnett  
Victims of Accident at  
Early Hour Friday

Carrollton—Two Carrollton men narrowly escaped death about two o'clock yesterday morning when a new sedan in which they were riding left the slab 5 miles south of here, turning over several times. Sam Herman, owner of the machine, and James Barnett, his companion, were painfully injured. The automobile was wrecked.

Herman was hurled out of the car, while Barnett, who was at the wheel, was thrown into the rear seat. The steering wheel was driven through the windshield.

Both men were rendered unconscious and were not found for some time. State Highway Patrolman Lucius Wood of this city discovered the wreck and called Dr. A. K. Baldwin to attend the victims.

Herman sustained a deep gash on his forehead and injuries to his neck and one shoulder. He lost a large amount of blood. Barnett has a dislocated shoulder, cuts and bruises. Both men were removed to their homes.

## White Hall Women Attend Conference

Among 60 Present at Meeting  
of Board; Other News  
from Community

White Hall—Mrs. Harold Overby, district chairman of advertising, Mrs. Mont R. Winters, chairman of press and publicity, Mrs. L. W. Hornbeck and Ward Hull attended the district board meeting of the Federated Women's clubs held at the Colonial Inn in Jacksonville, Wednesday. More than sixty women were present. Mrs. Clairance Skeels of Kampsville, the district president, presided.

There were three past presidents of the district present who were introduced. They were Mrs. E. F. Ford of Greenfield, Mrs. A. W. Schimmel of Pittsfield, and Mrs. J. Marshall Miller of Jacksonville.

Two minute reports were given by the officers, chairmen, and club presidents. Extensive plans were made for the work during the current club year. Beardstown and Waverly vied for the honor of having the largest club membership and Waverly won with 191 paid up members and Beardstown had 187 members.

Waverly will entertain the annual district convention next spring. Mrs. E. H. Sheppard, formerly of White Hill, is president of the Waverly Club.

About fifty women were present at the county meeting of the Home Bureau meeting held at the Farm Bureau office in Carrollton Tuesday. Miss Edna Walls of the extension department of the University of Illinois was the speaker and gave the first of a series of three talks which she will give in this county in which she will stress the "Training of the Adolescent." Her talk was on "Family Relationship." Those from this vicinity who attended included Mrs. A. R. McConathy of White Hall, Mrs. Charles Arnold and Mrs. A. L. McClay of Hillview, Mrs. Bert Tankersley, Mrs. John Thomas, Mrs. Glen Witly, and Mrs. Robert Byers of Patterson.

**Close School for Circus**  
The White Hall schools and other nearby country schools were dismissed Wednesday afternoon for the circus which was in the city.

Mr. and Mrs. H. B. Roodhouse drove to Champaign Sunday to take their daughter, Dorothy, and their niece, Gladys Ross, to attend the University of Illinois this year. The girls attended MacMurray College in Jacksonville for two years and expect to finish in the U. of I.

Mrs. Roberta Rainey of Decatur arrived Wednesday morning to spend the remainder of the week with her sister, Mrs. James Galaway, on Carr street.

Mary Ruth Bell received a bad cut near her eye Tuesday evening when she fell on a tin can. It required a stitch to close the wound.

Miss Mary Fox entered the White Hall hospital Wednesday to undergo an appendectomy Thursday morning. Miss Fox has been taking a beauty course in an Alton school and had just completed her work there, having only one more day to serve the number of hours. She expects to open a beauty shop in White Hall later on after she receives her state license.

Mrs. Richard Parton underwent a major operation in Our Saviour's hospital in Jacksonville Monday morning.

## Get Advice on New Tax Levy, Laws in Chicago Conference

County Clerk and Auditor  
Return from Interview  
with Attorneys

Commissioners of Morgan county yesterday were given advice on the proper methods of preparing their tax levying resolution for next year's taxes indirectly by Chapman and Cutler, noted Chicago bond approving attorneys.

County Clerk Fred Brockhouse and a representative of the firm of Bishop and Estes, auditors in charge of checking the county books, were in Chicago Thursday where they conferred with the bond attorneys regarding the preparation of this year's resolution.

Several changes have been made in the laws covering tax resolutions, and the county commissioners sought

advice to prevent preparing a resolution which would not meet with the approval of the bond attorneys, in view of the possible necessity of anticipating on revenues.

The commissioners are preparing to pass the tax levying resolution under which the sheriff will collect taxes next year. They already have approved the road district tax levy which will be incorporated in the general tax levy resolution.

Several road districts are said to be contemplating bond issues to make improvements during the coming year. These bond issues will have to have the approval of the residents of the district before they can be made, but the tax levy resolution also must be legal in order to obtain a favorable opinion on bond issues.

**CLUB TO MEET**  
Members of the Merry Maid club will meet today with Mrs. Nettie Eard, 325 East College avenue.

## Leonard Stone And Marie Kaiser Wed In Greene County

Ceremony Is Performed At  
St. John's Church In  
Carrollton

Carrollton, Ill.—Leonard Stone and Miss Marie Kaiser were united in marriage at 7:30 a. m., nuptial high mass in St. John's Catholic church, Wednesday, Rev. Thomas Costello was celebrant of the mass and performed the marriage services.

The young couple are very well known in this entire community. The bride is the daughter of Frank and the late Helena Hendricks Kaiser. She received her education at St. John's grade and high schools and graduated from the high school with the class of 1935. She has been very prominent in young society since her debut.

The groom is the son of Mrs. Catherine Stone. His father, Arthur Stone, died a few years ago. At the time of his death he was conducting the largest plumbing business in Greene county. The groom has spent his entire life here and was graduated from St. John's high school, class of 1931. He is president of St. John's Alumni club. A short time ago he bought a half interest in the liquor and beer store of his uncle, P. J. Vaughn and with another uncle, Dennis Vaughn, is conducting the business.

The attendants were first cousins of the bride, Miss Catherine and Clement Kirback. The bride, who is one of the most beautiful young ladies here, was a picture of loveliness, as attired in one of the handiest costumes seen here in years, she wore white satin fringe tip lace over white satin, with a long train, and white lace veil to match, and carried a bridal bouquet of white chrysanthemums, with lily of the valley entwined. The maid wore pale blue satin and a blue and white veil hat and carried pink roses.

With the maid leading, the bride proceeded slowly to the altar, while the strains of Mendelssohn's "Here Comes the Bride" wafted through the church. The groom and best man met them at the altar. After the mass the bridal party went to the bride's father's country home where breakfast and wedding dinner was served. Later they left for a short honeymoon. They will reside in this city.

**PRISON MANAGEMENT**  
Springfield, Ill., Sept. 25.—(P)—Administration of Illinois prisons and charitable institutions was attacked tonight by Elmer J. Schnackenberg, Republican member of the state legislature, in an address here in his campaign supporting C. Wayland Brooks, Republican candidate for governor.

The speaker referred to the late "midget" Fernekes, who he said maintained active accounts with brokers and dealt on the stock market while imprisoned in Joliet penitentiary.

"No one will deny," Schnackenberg said, "that felons are entitled to humane treatment, but the Republican candidates are pledged to an immediate restoration of the proper administration of our prisons."

## Beardstown Uses Straight Football To Smash J.H.S. 26 To 0 In Inaugural Game

Beardstown—Resorting to straight football, Beardstown high Friday night dedicated its new illuminated playing field with a 26 to 0 victory over Jacksonville. Starting their touchdown-a-quarter drive, the Tigers scored their first touchdown on the first play of the second period, got another during that quarter, and then scored in each of the remaining periods.

Lindley, Beardstown's powerhouse fullback, was the offensive star of the game, leading the Tigers to first down after first down as the team rolled over the Crimson with one of their most convincing displays of power.

So completely did Beardstown dominate the play that they rolled up 18 first downs to a single first down for the Crimson. Beardstown tried only five passes during the set-to, and completed two of them. The Crimson tried six, completed three and had one intercepted.

Shoved back in the first quarter, the Crimson had their hands on the ball only four times. They gave up their first touchdown on the opening play of the second quarter when Lindley fired a 12 yard pass to Kiser.

Beardstown came back at the Crimson again in the second period, forcing them back. Late in the period Lindley broke off tackle for a 25 yard sprint to a touchdown, and Kiser added the point on an end run.

## Winchester Scores in First Quarter But Fail to Hold Heavier Eleven

Winchester, Sept. 25.—A light, speedy local eleven scored once in the opening quarter and held the White Hall heavies to two touchdowns in that period, but were unable to cross the goal line again, playing a defensive game as the visitors went on to roll up a 40-7 tally.

Hazlerigg carried the ball on the touchdown and added point for the only Winchester score, with the White Hall honors distributed among Wyatt, King, Dawson, Fair and Peters. Dawson scored twice with Wyatt getting two points after touchdown.

Lineups:

## Cardinals Lose To Reds 3 to 2

St. Louis, Sept. 25.—(P)—The Cincinnati Reds—troublesome all season—kept the St. Louis Cardinals from assuring themselves second place in the National League today by winning their only victory of the present series, 3 to 2.

A 3-run attack in the second brought the victory that seemed slipping in the ninth when pinch hitter Rip Collins, first up, doubled and a typical Gashouse rally seemed imminent. But Ray "Peaches" Davis bore down and snuffed out the next three batters on two infield blows and a foul fly.

In the second Scarsella led off with a single and went to second on an infield out. Riggs walked. Gelbert tossed out Thevenow but Kampouris was purposely passed, loading the bases. Then Bill McGee, who had a good year with Columbus of the American Association before he returned to the Cardinal fold, unhooked a wild pitch which allowed Scarsella to score. Pitcher Davis then surprised with a single to center scoring Riggs and Kampouris. That was all but it was enough.

Joe Medwick of the Cards, who set a new National League record for doubles when he hit his 63rd yesterday, added his 6th today in the third. But two already were out and slugger John Mize couldn't bring him home.

## Pleasant Hill Wins From Greenfield

## Push Over Two Touchdowns In Last Quarter to Win By 13-6

Pleasant Hill—Pleasant Hill's scoring machinery broke loose with two touchdowns in the fourth quarter here Friday afternoon to win an Illinois Valley conference victory, its first in two years, over Greenfield, 13 to 0. A Greenfield foul in the dying moments of the game provided Pleasant Hill with its victory opportunity.

Coming back after Greenfield charged down the field in the third quarter and sent Haven over the goal line on a ten yard smash through the line, Pleasant Hill tied the score with a series of forward passes and end runs shortly after the fourth quarter got underway. Both teams failed to make their points after touchdown.

Then, during an exchange of punts, a Greenfield player clipped while the ball was in the air, giving Pleasant Hill the ball on Greenfield's 13 yard line. Leaping to meet the occasion, Pleasant Hill unhooked a pass to Weir over the goal line for the winning touchdown. Goodin clinched the issue when he took another forward pass for the point after touchdown.

Pleasant Hill had the edge all through the first half, but couldn't get its offense to clicking enough to push over a touchdown.

Lineups:

## Browns Divide With Indians

## Both Colleges Will Put Vet Teams on Field for Opening Tilt; Blueboys Are Heavier

Cleveland, Sept. 25.—(P)—The Cleveland Indians lost their last mathematical chance to finish in the American League's first division today when they divided a doubleheader with the St. Louis Browns.

The Tribe won the second game, 7 to 6, after the Browns took the opener, 6 to 2.

Roy Weatherly, Cleveland's hard-hitting rookie outfielder, collided with a right field wall and knocked himself unconscious in the fourth inning of the nightcap, but he caught Cliff's foul and retired the St. Louis third sacker before he "passed out." He revived and walked unassisted from the field.

Earl Averill, Tribe outfielder, connected for his 23rd homer of the season with two on base in the third inning of the second game.

## Carrollton Turns On Power to Win

## Pittsfield Seares Hawks By Taking Lead in First Half; Score 13-7

Pittsfield—Carrollton high had to turn on all its power here Friday night to win its opening game in the Illinois Valley conference, defeating the Pittsfield high Indians by a 13-7 score after Pittsfield had taken a lead at the end of the first half by the margin of a point after touchdown.

Gathering all of their strength for a big drive at the beginning of the second half, the Hawks, with Banghart doing a large part of the ball carrying, tore the lighter Pittsfield line to shreds to chalk up their second touchdown. Pettion went over the goal line for the marker, and Banghart banged through the line for the point after.

Carrollton marked up the first score of the game after threatening a couple times during the first quarter. Mixing one long pass in with a series of line smashes and off tackle drives, the Hawks carried the ball to the 18 yard line where Banghart broke away on a drive through tackle and a cut-back. The attempted place kick for point failed.

Pittsfield came right back with a drive, Smith and Junior Willard lugging the ball on wide sweeps and sudden thrusts through the center of the line to take the ball 40 yards to the two yard line, from where Smith plunged for the touchdown on a quarter-back sneak. Kelly caught a pass from Smith for the point after touchdown.

Carrollton kept Pittsfield backed up during the third and fourth quarters, but couldn't penetrate a dogged and determined ban of Indians. The Intimes during the final half deep in diana took the ball on downs three their own territory.

The line-ups:

Carrollton: Pos. Pittsfield. H. Whiteman. LE. Kelly. Carter. LT. Lowe. P. Hindland. LG. Neiber. Short. C. McCarter. Mankel. RG. Jordan. Prough. RT. Berry. R. Hindland. RE. Penstone. Graves. QB. Murphy. Early. LH. J. Willard. Pettion. RH. Carr. Banghart. FB. Smith. Carrollton..... 0 6 7 0-13  
Pittsfield..... 0 7 0 0-7

Scoring—Carrollton touchdowns, Pettion, Banghart; point after touchdown, Banghart.

Pittsfield touchdown—Smith; point after touchdown, Kelly (pass from Smith).

Officials—Cox, Quincy, referee; Savage, Jacksonville, umpire; Hollowell, Jacksonville, headlinesman.

## Senators Wallop Red Sox 9 to 3

Washington, Sept. 25.—(P)—Aided by Jimmy DeShong's seven hit pitching plus nine walks and a balk by Boston pitchers, the Senators beat the Red Sox today 9 to 3.

Washington got nine hits off Henry Wilson and Bowers, scoring four in the third inning, one in the fourth and the last four in the seventh.

It was DeShong's 18th victory and gave Washington a full game hold on third place and put them but a game and a half out of second.

DeShong got two of the Senator's nine hits as did Hogan, whose double in the seventh inning was one of the features of the game.

Cramer led the Red Sox attack with a double and a triple.

Kroner, the Boston shortstop, was forced to retire from the game in the third inning when he collided with Lewis, the Washington third baseman, in forcing Lewis at second.

Score:

## Yankees Noseout Athletics 6 to 5

Philadelphia, Sept. 25.—(P)—The New York Yankees nosed out the Athletics 6 to 5 in a ten-inning battle of home runs today, with Red Rolfe's round-tripper in the extra frame breaking up the ball game.

The victory was Red Ruffing's 20th pitching triumph of the season against 12 defeats.

Frank Crosetti connected for the circuit for the Yanks, in addition to Rolfe, and Pooch Puccinelli and Bob Johnson belted four-baggers for the A's.

Illinois College will open its first season under the freshman rule here Saturday afternoon against Wabash College's Little Giants, an almost veteran team. The kick-off has been set for 2:30 on the college field.

Probable starting line-ups issued by the coaches of the two teams, Ray Nussipke of the Blueboys and Pete Vaughan of Wabash, show that the Blueboys will have the edge in weight, while the Little Giants, who finished second in the Indiana College conference last year, will have more veterans.

The game, one of the two home games on the Illinois College this year, will present two colorful teams. The Blueboys will wear white jerseys, blue socks, and white headgear, while the Wabash team will appear in scarlet. Illinois for the past three years has been knocking steadily at the gate of championship in the Little 19, losing only one conference game last year, and the Little Giants have consistently been one of the strongest contenders for football honors in its own state.

Wabash Sends Veterans

The Little Giants will appear the same this year as they did last year when they made a thrilling bid for Indiana honors, with a single exception. Bill Pack is the only newcomer to the cast which last year ran over most of the Little Giant opposition. Butler, conference champion, is the only team to boast a victory over Pete Vaughan's seventeenth Wabash team.

Pack, a halfback, is a speed demon. He is the only member of last year's Wabash freshman team who has been able to win a place on this year's team. Kobel, another sophomore, probably will see some action.

The Wabash line will average 174 pounds and its backfield about 170 pounds. Three of the Wabash line-men won all-conference honors last year.

Blueboys Heavy

Contrary to expectations at the start of the training season, the Illinois College line this year is going to come close to the average of last year's line in weight. Coach Nussipke has developed a line which will average 184

## Set Date for State Cornhuskers' Meet

## Will Be Held on Farm Near DeKalb Nov. 4th

Chicago—(P)—The annual Illinois corn husking contest, sponsored by Prairie Farmer, agricultural weekly with the co-operation of the Illinois Agricultural Association, will be held Wednesday, Nov. 4, on the William Reeves farm northeast of DeKalb.

This will be the first time the contest has been held in a northern county, but it was awarded to DeKalb this year officials said, because of poor crop yields in counties farther south.

Jake Berkes, operator of the farm, informed the sponsors that the corn was unaffected by the drought, and would produce from 80 to 100 bushels to the acre.

At least 11 contestants will seek the state title, won last year by Irvin Bauman, Woodford county Preliminary contests will be held in a number of downstate counties, with the 10 high men entered in the state finals, as well as Bauman by virtue of his title. In case the DeKalb county contest winner is not among the first 10, he also will be entered in the final, making a field of 12 a possibility.

The winner of the state contest will receive a \$75 prize and his expenses to the national contest, to be held in Licking County, Ohio, Nov. 10.

Bauman's mark last year—36.52 bushels in 80 minutes—compares with the all-time record for Illinois of 36.91, set by Carl Siler, Knox County, holder of the state title from 1931 to 1935, inclusive.

The national record is 41.52 bushels in 80 minutes, set last year by Elmer Carlson, Audubon County, Iowa.

Illinois and Iowa have won five contests each since the nationals

# Your Church Is the Pulse of Your City!

Are YOU Doing YOUR Part to Keep it Beating?

Ever living, ever surging is life in your community! And always is your church there to feel the pulse—to prescribe for all—and to make and keep your community prosperous, contented and happy.

No city or community prospers without churches—No individual or group can progress without this symbolic acknowledgement of God.

Your church makes every effort to guide the way and to broaden the vision of your children, and you, and your fellow man. Your church keeps the pulse of your city to increase strength and prevent weakness.

You owe it to yourself to be a part of your church for it is only by so doing that you may become a real part of your community.

You owe your church your support. Its benefits are restricted by your failure to do your part.

Don't "ride" on the work of others! Pick up your own load—even the poorest can contribute if only by his presence and participation in church activities.

*Come to church and keep your city surging with the pulse of God's love!*

## Drouth Committee Meets in Jersey

### Hear Administrator on Rules Governing Acceptance of Farmers

Jerseyville.—Major Arthur H. Lord of Chicago, assistant WPA administrator for Illinois, was in Jerseyville Wednesday to confer with the Jersey county drouth certification committee on the eligibility of farmers making application for drouth relief under the WPA work program.

The committee that has been named for Jersey county consists of P. J. Fleming, chairman, C. H. Terry, and R. H. Voorhees, reported that up to noon Wednesday twenty-five farmers from Jersey county have made application for WPA assignments.

At the meeting Wednesday, Lord emphasized that the sole basis of eligibility was need and he assured the committee that the WPA would employ all farmers certified as in desperate need, meaning those who have no other means of income or credit to tide them over during the coming winter.

Farmers of this county will probably be given assignments on the public highways, Lord indicated, but they may also be employed on other WPA projects.

#### Dairy Leaders Announced

A herd of twelve grade Holstein and Jersey cows owned by Theodore Ansell of Jerseyville led the Jersey County Dairy Herd Improvement Association for the month of August with an average production of 818 pounds of milk and 30.5 pounds of fat. Two of the twelve cows on test were dry.

The other highest producing herds of the association were George Erb & Son, eleven grade and pure bred Jersey cows, 617 pounds of milk, 25.2 pounds of fat, one cow dry; Dr. Laurens Enos, thirteen pure bred Jerseys, 475 pounds of milk, 23.0 pounds of fat, two dry; William Moore, fifteen mixed cows, 627 pounds of milk, 22.3 pounds

of fat, one dry cow; G. R. Pearce, twenty-six grade and pure bred Holstein cows, 731 pounds of milk, 21.1 pounds of fat, one dry cow.

A pure bred Holstein cow owned by Louis Lock of Dow led the association with an average production of 1107 pounds of milk and 59.8 pounds of fat.

The average of the association for the month was 524 pounds of milk and 19.4 pounds of fat with 179 cows on test from twelve herds. Twenty-seven of the 179 cows on test were dry. During the month, three unprofitable cows were sold on the market. Nine cows each produced over 40 pounds of butter fat.

Charles Bennet is the official tester for the county association.

The State Welfare Commission approved 145 applications of Jersey county residents for old age pensions during the present month, John Bloomer, chairman of the Jersey county commission, announced Thursday.

## Men and Women to Work in Campaign For Y.M.C.A. Funds

### Co-Partners Named to Work on Committee; Plan New Features

The enlistment of both men and women as workers in the 1936-37 YMCA Forward Movement campaign beginning October 1 is progressing rapidly according to reports made to Dr. C. P. McClelland, general campaign chairman, at a conference of leaders at the Chamber of Commerce office, Friday evening. Earl Spink, recently appointed chairman of the special gifts committee, with Dr. Ellisworth Black, as co-chairman, announces members of his committee include the following pairs of co-partners: J. A. Walker and J. C. Colton, W. O. Randall and J. R. Hoffman, Roy Welch and Earl Spink, A. C. Metcalf and J. N. Conover, E. E. Crabtree and C. J. Aton, and Bert Andre and Max Tschauder.

The popular feature of a woman sponsor for each of the four divisions proved so successful last season that it was decided to continue the same this year. Another feature will be the awarding of daily honors and awards to winning divisions, individual producers, and to divisions for best attendance. John Larson has accepted the chairmanship of the committee on arrangements.

Several entirely new features will be introduced in the campaign this year, having been adopted by the leaders on recommendation of J. A. Goodell, campaign director, sent by National YMCA headquarters to assist in this season's effort. New features include the 100% idea in which the board of directors and leaders set a 100% example for all workers; also, the club subscription plan which has been popular in other cities, and the rather

more leisurely 14-day, rather than the 7-day intensive drive. There will be five report meetings on alternate days thus allowing more time for work and interviewing.

## Teacher Speaks to Members of Rotary

### Need Better Cooperation of Business and Education, Vickery States

"A school teacher is not a radical, if he is teaching," declared William Vickery, member of the Jacksonville High School faculty, in an address to members of the Jacksonville Rotary Club yesterday. Mr. Vickery was introduced by Harry M. Andre, chairman of the September program committee.

Mr. Vickery said that since the depression and the New Deal certain laws have been passed, including a Massachusetts law which required teachers to take an oath to support the constitution. Congress also passed a law prohibiting teachers to even mention Communism.

"A teacher is not a radical, if he is teaching," the speaker said. "His training implies an open mind. He will not teach partisanship and attempts to be fair. Why bind him by oath to do something he is going to do anyhow?"

The speaker stated that what every city needs is better cooperation between the business man and the teacher.

Guests of the club yesterday were: S. L. Mapes, San Bernardino, Cal.; J. H. Young, Springfield, Ill.; J. H. Goodall, New York City.

## Passes Campus Style Test

WHEN you look over the campus wardrobe possibilities it will be poor judgment to overlook this simple afternoon dress. Of rough silk crepe in suave black, it has shirred details on the shoulders and soft gores in the front of the skirt. Large turquoise stones, set in silver, make the neckline trimming and matching belt buckle.

## CAIRN ROBINSON IS SPEAKER AT G.O.P. MEETING IN GREENE

Roodhouse, Sept. 25.—Attorney Carl Robinson, Jacksonville, was the principal speaker at a Roodhouse township Republican organization meeting Thursday night in the K. P. hall.

The following officers were elected: President—L. I. F. Close. Vice-president—George Morrow. Secretary—A. L. Clark. Treasurer—Guy Wolfe.

Officers and representatives of the various railroad brotherhoods of the Roodhouse met Thursday evening at 8 o'clock in Trainmen's Hall to form an organization known as the Roosevelt Civic club. Permanent officers were chosen as follows:

Chairman—O. F. Reynolds. First vice chairman—O. Ross. Second vice chairman—R. Locker. Secretary and treasurer—W. G. Ricks.

Publicity committee—Y. D. Ralston, H. H. Manning, H. S. Stowe. This club will hold an open meeting in connection with a membership drive in the near future.

A sale at the farm of Elmer Stumbe, six miles east of Roodhouse, held Thursday brought good prices with total proceeds of \$1,700. Fourteen milch cows brought prices ranging from \$60 to \$115 each.

## Mrs. Clyde Hubbard Dies Yesterday

### Served Five Years as Matron of Greene County Home; Funeral Sunday

Mrs. Clyde Hubbard, residing six miles west of White Hall, died at 1 o'clock yesterday morning at Our Saviour's hospital, where she had been a patient since Sunday. She was prominent in Greene county, where she was active in church and club affairs.

Mrs. Hubbard, who was 52 years old, served five years as matron of the Greene county home near Carrollton, during the time her husband was superintendent of the farm.

She was born on a farm adjoining the present Hubbard home, her maiden name being Maude Oley. She was treasurer of the Pleasant Vale Baptist church, and a past president of the community club in her neighborhood.

Surviving are her husband; two brothers and three sisters, Harry Oley, Chicago; Cleve Oley, near White Hall; Mrs. Katie Gott, Warrensburg, Mo.; Mrs. Mamie Cobb, North Warrensburg, Mo., and Mrs. Nellie Kinser, Greenfield.

The remains were removed to the Dawdy Funeral Home at White Hall. Funeral services will be held at two o'clock Sunday afternoon at Pleasant Vale church, with Rev. John Alexander officiating. Interment will be made in White Hall cemetery.

The home of the decedent was but a few yards from Pleasant Vale church, which has postponed its homecoming Sunday because of her death.

## Charges Relief in State Was Used as Political 'Herring'

### Drawn Across Payroll Path to Block Tracing of Taxes, Says Brooks

Hamilton, Ill. — (AP) — C. Wayland Brooks made the charge before a political audience there today that "relief has been used as a political red herring" in Illinois.

The Republican nominee for governor, in a speech prepared for delivery, asserted:

"It has been drawn across the path of the payroll parade to keep taxpayers from tracing their taxes to Springfield and learning they have been tricked and misled in the name of their unfortunate fellow citizens."

"When our people get the facts on taxes and relief, and they certainly shall get them in this campaign, they will drive the payroll army and money spenders out of Springfield and end four years of the heaviest taxes and heaviest payrolls Illinois has ever seen."

Brooks declared the cost of government in Illinois "can and must" be reduced. He said when efforts sought reduction of taxes they were told the money was necessary for the administration of relief.

"Vast payrolls in Springfield and waste and extravagance such as Illinois has never seen have eaten up taxes collected in the name of relief," he said.

"From March, 1932, to July, 1936, the state turned over to the Illinois Emergency Relief commission for relief purposes \$11,627,647. Fifty million dollars of this sum came from two bond issues now being repaid out of the motor fuel tax, which last year alone produced 32 million dollars."

## Employees of State Assessed for New Democratic Paper

(Continued from Page Ten) generally sent employees but to other voters. There is also a number of state employees residing here who hold jobs outside the three institutions, who are contributors.

One of the reasons a writer in "The Truth" gives for its publication is that "in Illinois it is estimated that eighty-two percent of the so-called newspapers are unfriendly to the national and the state administrations."

## News—Actress Shoots Cameraman!

A man nipping a dog is old stuff compared to a movie actress photographing a movie cameraman, but that's what is happening above. "Put up your hands and I'll shoot" apparently is the order pretty Janice Jarratt is giving to George Watson, who snaps all those swell pictures of Hollywoodians for NEA Service, Inc., and this paper. Such scenes as this will be common at the "Flash-lights' Frolic," a dinner dance given motion picture stars by Hollywood Press Photographers, of which Watson is president, on Wednesday, Oct. 7. At the affair, picture men, not stars, will have the spotlight, reversing the usual procedure.

## Employees of State Assessed for New Democratic Paper

### Claim Pressure Used to Obtain Funds for Publication Truth

A new weekly newspaper, "The Truth," has made its first appearance in Jacksonville, provided for, it is said, thru contributions made by employees on the Democratic payroll. The paper is devoted to the promotion of the candidacies of Governor Horner and other aspirants to office.

While some persons who received the publication may have wondered about its publication numerous Jacksonville voters have been aware of its impending appearance for some weeks. Particularly have employees on the Democratic payroll been apprised of its publication, for some of the employees have very frankly stated that they have been "assessed" five dollars each to pay for the cost of five issues of the paper.

Most of the Democratic employees had been of the opinion that their membership in the Illinois League, for which a portion of their wages are contributed monthly, would supply sufficient funds to carry on the campaign, but it is apparent that this sum, which is said to amount to thousands of dollars, was insufficient to provide a statewide circulation of "The Truth." It is reported here that while the Illinois League may not have all of the Democratic employees as paid members, all of the employees in and out of civil service, have been called upon to contribute to the publication of this Democratic newspaper. It is generally understood that most of the employees have "contributed" their five dollars each, regardless of the size of their salary, toward the support of "The Truth."

### No Class Missed

No class of employees was missed in this latest "assessment." It is reported, persons who have enjoyed exemption from political contributions during previous administrations having been "solicited" for five dollars each, and the "solicitation" has been made in such a manner that little doubt is left as to what the future employment of the person failing to give would be. Publishers of the paper, however, claim that coercion is not being used.

William J. Thorp, secretary of the Civil Service Protective association, Chicago, stated yesterday that his organization would fight coercion of state civil service employees into contributing campaign funds. Compulsory subscriptions to Truth, he said, come clearly in this category. He exhibited a complaint from an employee at one of the state hospitals. The employee wrote:

"I am a regular civil service employee. Today I was solicited to pay \$5 for five subscriptions to a magazine from Truth Publishing company. I don't stand back on telling you, I do for political purposes. What should I do?"

Another civil service employee in a state institution wrote that the Democratic organization was demanding a \$43 contribution from his salary.

Thorp said that civil service employees have been exploited to an unprecedented degree this year, but most of them are afraid to make complaints because they fear they will lose their jobs.

Reports that state employees here are being assessed for funds to be used for political purposes caused four years ago Governor Horner, who was a candidate for his present office, charged that state employees were being assessed by Republicans to help pay the campaign expenses of Illinois. He called upon Illinois voters to elect him and stop the procedure.

An editorial which appeared in a local paper, October 21, 1932, and which was written by the publicity committee of the Morgan County Democratic Central committee had the following comments to make concerning the alleged "assessments."

"Judge Henry Horner, in a recent speech in Kane county, charged that state employees are being assessed by the Republicans to help pay the campaign expenses of Illinois. Who pays for this campaign? The taxpayers pay the bill first and then the people who work for the state must give out the money the citizens pay them for their work to help keep in power a party which is not satisfied merely to have its people paid by the public for what they do, but must also get its campaign expenses out of the state treasury."

Can't Afford Assessments

"Not all state employees are well paid; many can ill afford the assessments levied upon them. Yet some have been contributing for months to the Republican tills. It is the nefarious system that keeps the 'Machine' well oiled and running."

"It is up to the voters of Illinois to put a stop to this practice by electing to office a set of men who will not stoop to such petty means of paying their campaign bills. The assessments of employees make the civil service laws of the state useless. If the party in power can so control those who are supposed to hold their position through merit it is time the people saw to it that the system is changed or the law is enforced."

"If it has come to a condition in this state where a man holds a civil job only so long as he contributes to the campaign fund there must indeed be a change. The voters are tired of hearing the cry of honest employees of the state who are 'squeezed' every time there is a primary or a general election campaign."

Just what the publication of "The Truth" has cost state employees here is not definitely known. However, on the first of April of this year there were 806 employees at the three Jacksonville state institutions, and a contribution from each of them would run the paper bill up to more than \$4,000. Teachers and others classified under civil service have been "asked" to contribute to the support of the paper, copies of which are not

## CHARLES M. SHELDON IS VISITOR AT HOME OF DR. M. L. PONTIUS

Dr. Charles M. Sheldon, pastor emeritus of the First Congregational Church at Topeka, Kansas, was a visitor at the home of Dr. M. L. Pontius, yesterday.

Dr. Sheldon is the author of the book, "In His Steps," which was published in 1896. More than 20,000,000 copies of the book have been sold, 12,000,000 in England and 8,000,000 in the United States.

Dr. Sheldon is devoting his time to lecturing on peace, the subject of his lecture being "Warless World."

He will speak at the Central Christian Church here on October 25. The book, "In His Steps," will be filmed, Dr. Sheldon stated yesterday. He said that he did not endorse a film under the same title which was recently released.

Dr. Sheldon said things today are the same as in 1896 when he wrote "In His Steps."

He declared, "Needs of Humanity are the same." "Human Nature is the same." "The Teachings of Jesus are the same."

## To Commemorate Missionary Work In Sermons Here

### Rev. Harry Lothian to Give Series of Talks Beginning Sunday Morning

The year 1936 has been set aside by the General Assembly of the Presbyterian Church in the United States for the commemoration of the pioneer missionary work of Marcus and Narcissa Whitman, Henry and Eliza Spaulding, and their associates, who left their homes in New York State one hundred years ago and set out for the northwest to lay the foundations of the church in the great Oregon territory.

Rev. Harry Lothian, pastor of the Northminster Presbyterian church in this city, will present a series of sermons based on this history. The first address will be given Sunday morning, "Warren Wheels Carry the Gospel to Oregon."

Other churches in the presbytery will also observe this centennial by the use of moving pictures and illustrated lectures.

The following is a brief history of this important event in church and national history:

Into the frontier city of St. Louis in 1831 came four Nez Perces Indians looking for a book of the white man which gave them the word for worshipping the Great Spirit. They were treated royally, shown the sights, taken to the Cathedral, but they did not see the Book. Two died in the city, one on the way home and the survivor reached his people—with empty hands.

No radio existed then to broadcast the search; but a story published in the New York Christian Advocate and Herald, March 1, 1833, stirred an interest throughout the church which led to the appointments of two young Presbyterians, Dr. Marcus Whitman and Rev. Henry Spaulding, as pioneer missionaries to the Oregon country. With their young wives, they set out on the Oregon trail. All the hard way they held morning and evening prayers. On July 4, 1836, Mrs. Spaulding and Mrs. Whitman became the first white women to cross the Rockies.

Among Indians.

Dr. Whitman settled among the Cayuse Indians at Wallatpu, Washington, and Mrs. Spaulding among the Nez Perces at Lapwai, Idaho. Both tried to establish civilized life among the savages and his wife with the conviction that the Indians must abandon their nomadic existence to maintain themselves and to develop a Christian life. By the time reinforcement arrived, back-breaking work was done, needful resources were available, and the first Protestant church west of the Rockies organized.

In the next few restless years, the influx of white settlers made the Indians uneasy and the spread of strange diseases made their hostility flare.

No doubt influenced by their custom of taking the life of the medicine man for that of a lost patient, they massacred Dr. Whitman, his wife, and twelve other white people in Wallatpu, Spaulding, away from home, agonized at the news fearing for his family, but his wife was saved through her trust in friendly Indians. Their reunion was clouded by the realization that the work would have to be suspended. Years later Spaulding was able to return to the field, and when he found his vision justified, wrote, "Bless the Lord, O My Soul."

All pioneering is not yet finished, particularly in the Cayuse and Umatilla Mission where missionaries who have followed with the same pioneer spirit are caring for the seed sown by Whitman in his brief service. The results of Spaulding's work among the Nez Perces are seen today not only in handicraft, in the agricultural life they lead, in the Scriptures translated into the Nez Perces language, but also in the reverence and earnestness of Nez Perce congregations, in the serious application of Christian principles to their lives, in the spirit of the native leadership and the evangelistic camp meetings. This staunch pioneer missionary, with the cooperation of his wife, had the vision to lay broad and strong foundations for a people he saw facing a transition in civilizations. All the varied activities he cultivated were secondary to his main work and joy, the preaching of the gospel.

MRS. WM. SCHOLFIELD ENTERTAINS WORKERS

Mrs. Wm. Scholfield very pleasantly entertained the Unity Workers of the Presbyterian church and a number of friends at her home east of Woodson recently. The afternoon was spent socially and a program consisting of a piano solo by Mrs. Robert Stice; vocal duet by Mrs. Martin Lenehan and Mrs. Thos. Butler; a poem by Mrs. Gene Megginson and a group of songs by Mrs. Wm. Ricks were enjoyed.

Mrs. Stice served lovely refreshments at the close of a pleasant afternoon.

COMMUNITY CLUB HOLDS MEET FRIDAY

The East Side community club met last night at the Morton school house with the president, Miss Frances Moy, in charge. The program committee, Mrs. Charles Tipp, Mrs. W. C. Thompson, Mrs. N. E. Oddy, and Mrs. Viola Rice, presented the following numbers:

Solo—Miss June Thompson, accompanied by Miss Winona Rawlings.

Reading—Burton Flory.

Musical saw solo—Miss Winona Rawlings, accompanied by Mrs. J. W. Rawlings.

Group of songs—Miss Viola Rice, accompanied by Miss Rawlings.

Musical program—North Otter Hot Shots.

Delicious refreshments were served by following committee, Fred Savra, Harve Davis, and Oliver Cromwell.

## ENDEAVOR SOCIETY OF WESTMINSTER ELECTS OFFICERS

The Westminster Presbyterian High School-age Christian Endeavor society met recently at the church to plan the fall work and elect officers. Among others were elected Junior Killam, president, and James Coultas, vice-president.

They announce a guest night Sunday, September 27, at six o'clock, which will begin with a pot-luck supper and be held in the church study.

The society voted to continue the study-book plan followed last year, and requested their leader, Mrs. W. C. Meeker, to select a book, the review of which she will begin in the near future. A large attendance of boys and girls is planned for the Sunday meeting.

## Lecture-dance Is Presented on Final Teachers Program

### Two Day Institute Concluded With Talks, Dancing Feature

Dancing around the world with Julia Proctor White and Miss Louise Bliss, who gave a brilliant lecture-dance performance, entertained Moravian teachers and concluded the two day Moravian County Teachers Institute yesterday afternoon. The dancing program was preceded by a program earlier in the afternoon presented by several speakers.

At a session for high school teachers O. F. Galloway spoke on "Teachers as Students See Them." Ruth O. McCarran speaking before elementary teachers spoke on "Some Methods of Meeting Difficulties," and the rural teachers program, "Reading Round Table and Conferences," was given by Lydia Wells.

"New Horizons and New Rhythms," the title of the dancing program, falls magnificently to describe one of the most unusual educational-entertainment features offered here. Julia White, who for twenty years has taught in public schools and who has traveled abroad widely, and Miss Bliss presented a program that sparkled with originality, bristled with action, and kept the attention of the large gathering from start to finish.

The brilliantly colored costumes of the races in the north, east, south, and west portions of the globe flashed in review as the lecturer gracefully and fascinatingly carried her listeners across mountain ranges and seas.

"Many misunderstandings come from failing to recognize the difference between 'time' and 'rhythm'." She told of the combinations of time and rhythm which produce the interpretations of an individual or a nation. Both straight lines and curves are needed to interpret character, she pointed out.

Demonstrating the point that both curves and straight lines are needed, Miss Bliss appeared in a severe costume and gave a dance in which the straight lines predominated. The dance depicted strength of body, and also of facial line. Changing costumes quickly, Miss Bliss came back before the audience in flowing robes under which she gracefully expressed by movement of hand and body, the curves.

Officers elected for the coming year as follows—president, L. D. Lewis; secretary-treasurer, H. H. Whitney; Roodhouse County Vice-presidents—Case, Frank Schneider, Chandierville; Morgan Carl Bourn, Jacksonville; Scott, Earl C. Nelson, Winchester. Harold Marsh, Roodhouse.

Officers for the Ladies Auxiliary of the association were elected—president, Mrs. L. D. Lewis; secretary-treasurer, Mrs. Harold March.

News Notes

The Garner Girls 4-H Cooking Club and the Centenary Boys 4-H Club enjoyed a winter roast Wednesday evening at the home of Mr. and Mrs. William R. Campbell. The annual achievement program was presented and about forty were present. Guests of the club were Dr. and Mrs. H. A. Snow, of Virginia, who presented a most interesting program of motion pictures and description of their recent trip through the North and East, with special films of Washington, D. C. and New York City.

Mr. and Mrs. P. Lee Terhune visited Thursday evening with his father, Frank Terhune near Petersburg, who was painfully injured Wednesday while riding on a wagon, behind which he was pulling a mower. When a mower wheel dropped into a ditch the tongue hoisted the seat of the wagon into the air and Mr. Terhune was thrown with it. The seat fell on him, injuring his back and his hip and the wagon wheel as he fell. He is confined to his bed at his home.

Mrs. J. J. Jenkins, county chairman of the Case County Federation of Women's Clubs, and Mrs. Anna Conner, president of the Ashland Woman's Club, attended a luncheon and board meeting of the 20th District Federation at the Colonial Inn in Jacksonville, Wednesday.
